

USB 3.0 TO MICRO USB CABLE

Transfer data and charge devices without overcharging

The V7 USB to Micro USB charging and data transfer cable offers the unique capability to detect the quantity of charge required for your plugged-in device. This smart technology helps avoid over charging, protecting your device and saving you energy. A great "on the go" accessory for your Micro USB devices to power up and transfer your digital files all with one user friendly cable.

- Charging and data transfer for smartphones, tablets and devices with a Micro USB port
- Integrated intelligence for over-charge protection with automatic turn-off functionality
- Multi-Led indicator for metering battery charge status
- USB 3.0 Transfer Rate at 5 Gbps, 10x faster than USB 2.0
